'It was reassuring to have support when I met with the mortgage broker. It made the whole process less intimidating and made me feel at ease.'
Kimiora McGregor

"Doing this course has helped us to be on the same page when it comes to our finances and goals. It was also a huge eye opener into helping us realize how attainable owning our own home can be. The resources, knowledge and experiences that were shared with us throughout this course have been extremely helpful, not only in our plan to owning our own home, but all financial goals, short and long term."

Hineata and Leighton Ngawaka

"We were shown skills that helped us take control of our money without having to share our personal details."
